About Me

Frontend Developer focused on building modern, responsive, and scalable web applications using **React.js** and **TypeScript**. Experienced in developing production-ready interfaces, **API integrations**, state management, and performance optimization.

Strong understanding of UI/UX principles, **accessibility**, and **responsive** design. Passionate about clean architecture, reusable components, and creating intuitive user experiences.

Core Skills

Frontend: React.js, JavaScript (ES6+), TypeScript, ThreeJS, Redux Toolkit, HTML5, CSS3, Responsive design, Semantic HTML, Accessibility (a11y)

Styling & Animations: SASS / SCSS / LESS, Advanced CSS Animations

API & Data: REST API integration, Axios, Firebase

Tools: Git & GitHub, Webpack, Vite, Gulp, CI/CD Basics

UI/UX: Figma, Photoshop, Gimp, Blender

AI Tools: ChatGPT, Gemini, Cursor, Copilot, Claude Code

Experience

Mentor – HTML Academy (Aug 2023 – Present | Remote)

- Mentored students in HTML, CSS, JavaScript, and React fundamentals.
- Taught semantic HTML, accessibility best practices, and responsive design.
- Provided code reviews, helped troubleshoot issues, and guided students on project architecture.

Lead React Native Developer – Security Staff App | Personal Project (Feb 2026 – Present)

- Leading the development of a workforce and operations management platform designed for security, emergency, and operational departments at Intel Haifa.
- Building both the desktop admin panel with React and the mobile application with React Native as the main developer.
- Implemented shift management, request workflows, authentication, real-time updates, and push notifications using Firebase.
- Responsible for application architecture, UI/UX design, state management, and maintaining smooth cross-platform performance across web and mobile environments

Education

Frontend Developer Program – Hexlet: HTML, CSS, JavaScript, React.js, Redux

Certifications:

- HTML & CSS. Professional Website Coding
- HTML & CSS. Adaptive Website Coding
- React. Development of Complex Client Applications
